To Whom It May Concern

HL Powell Trucking, *A Corporate Partnership* has been using the allianceone™ Mobile Management and Optimization Services since April 2004. Within two months of accepting the allianceone™ rate plan recommendations, our cost per minute had dropped 26%; resulting in thousands of dollars in savings each month. We continue to see our cost per minute declining and are comfortable in knowing we are spending as little as necessary to have the same wireless services we've always had.

It has been a pleasure to work with the proactive, knowledgeable and friendly employees at allianceone™. They continue to impress us with their level of service, expert advice and understanding of our business needs.

I truly consider allianceone™ employees part of the HL Powell team and highly recommend their services to any potential client.

Sincerely,
HL POWELL TRUCKING, A CORPORATE PARTNERSHIP

A handwritten signature in black ink, appearing to read 'Pat Powell', with a large, stylized flourish at the end.
